

Report	Report Page	SQL Table	Change Type	Description
All	All	N/A	Enhancement	Updated Power BI desktop compatibility to March 2018 release.
	All	N/A	Bug Fix	Fixed an issue with Power BI table relationships that caused issues for customers using row level security (RLS). Also removed pre-defined RLS roles in each report due to new enforcement rules in the Power BI Service. If a client wishes to implement RLS and needs help, please contact <a href="mailto:support@constructionbi.com">support@constructionbi.com</a> .
Core	Various	N/A	Enhancement	Standardized all dates in tables to international date format "YYYY-MM-DD".
	Companies	N/A	Enhancement	Added "URL" field to table for easy click through to Procure. Also added "Created" date to table.
	Company Insurance	N/A	Enhancement	Added "URL" field to table for easy click through to Procure.
Financials	Various	N/A	Enhancement	Standardized all dates in tables to international date format "YYYY-MM-DD".
	Direct Costs	DirectCostLineItem	Bug Fix	Change data types on "cost_code_origin_id" and "origin_id" field from integer to text. This was to resolve an issue with a couple clients using text data in this field.
	N/A	WorkOrderContractChangeOrderPackage	Bug Fix	Changed data type on "origin_id" from integer to text. This was to resolve an issue with a couple clients using text data in this field.
Financials Budget	Various	N/A	Enhancement	Standardized all dates in tables to international date format "YYYY-MM-DD".
	N/A	BudgetViewSnapshotDetail	Feature (Preview)	Implemented SQL support for budget view detail snapshots. If customers snapshot budget view data, it will become available in the "BudgetViewSnapshotDetail" table.  Customers wishing to implement this in Power BI reports will need to implement a custom report for their configurable budget view data and snapshots.
	Budget Insights	N/A	Enhancement	Added "Category" to matrix hierarchy.
	Budget Detail	N/A	Enhancement	Added "Category" to table.
Project Management	Project Status Report	BudgetLineItem	Deprecation Notice	Procure no longer supports the "List Budget Line Item" ( <a href="https://developers.procure.com/notifications/10">https://developers.procure.com/notifications/10</a> ) API call which CBI was previously using for the "Project Status" report prior to the March 2018 CBI release. Please make sure you upgrade to a CBI release on or after February 2018.  Any custom project status reports using the "BudgetLineItem" table will need to be updated to use "BudgetViewDetail".
Quality & Safety	Punch Insights	N/A	Enhancement	Added new assignments table to show punch item assignments separately. Also added filters for 'Has Unapproved Items?' and 'Assignment Approved'. These new filters can be used in combination to find punch items that all assignments are approved and the overall punch status is still open. Also added the '# of Unapproved' items to the 'Punch Items' table.
