

Report	Report Page	SQL Table	Change Type	Description
N/A	N/A	BudgetLineItem	Deprecation Notice	The "BudgetLineItem" table is a legacy table that has not been supported for several releases. This table will be removed from the CBI database with the September release. Please make sure you are not referencing this table in any of your custom reports. All budget related reports should use the "BudgetView" and "BudgetViewDetail" tables.
		BudgetSnapshot	Deprecation Notice	This is a CBI internal table and will be removed in the September release. Please make sure you are not referencing this table in any of your custom reports. All budget snapshot reports should be using "CBIBudgetViewDetailSnapshot" or "BudgetViewSnapshotDetail".
		CBISQLMaintenanceLog	Deprecation Notice	This is a CBI internal table and will be removed in the September release. Please make sure you are not referencing this table in any of your custom reports.
		File	Deprecation Notice	This is a CBI internal table and will be removed in the September release. Please make sure you are not referencing this table in any of your custom reports.
