Report	Report Page	SQL Table	Change Type	Description
N/A	N/A	DailyLogCount	Deprecation Notice	Table "DailyLogCount" will be removed in the March 2019 release. This table has never been in use and clients should not be referring to it.
	N/A	ChecklistItemObservation	Deprecation Notice	Column "int" will be deprecated March 2019. This column was incorrectly in the data model and has been replaced with the "id" column.
All	All	N/A	Enhancement	Updated Power BI desktop compatibility to December 2018 release.
Project Management	Project Insights	N/A	Feature	Report page fully redesigned. *Please note budget related items will only show data if you have the "Procore Standard Budget" view enabled and configured.
	Metric Correlation	N/A	Feature	New report page that calculates correlations between different project metrics. *Please note budget related items will only show data if you have the "Procore Standard Budget" view enabled and configured.
	Submittal Insights	N/A	Bug Fix	Removed column "To Distribute" from matrix "Submittal Closure Metrics."
	Submittal Approvers	SubmittalApprover	Enhancement	Added columns "comment," "distributed," "response_considered" and "due_date."
Quality & Safety	Inspection Compliance	N/A	Feature	New report which calculates compliance percentages for inspection completion.
	Inspections	ChecklistItemObservation	Enhancement	Added field "status". Changed "created_at" and "DateUpdated" from date fields to datetime fields.
	N/A	Checklist	Enhancement	Added columns "created_at," "trade_active". Changed "inspection_date" to type datetime. Changed "status" to type nvarchar(50).
	N/A	ChecklistDistributionMember	Feature	New child table of Checklist to store distribution list details.
	N/A	ChecklistSignatureRequest	Feature	New child table of Checklist to store signature request details.
	N/A	ChecklistItemObservation	Bug Fix	Added column "id" and moved all data from previous mistyped "int". "Int" column will be deprecated March 2019.
	N/A	PunchItem	Enhancement	Added columns "schedule_risk_reason," "schedule_risk_confidence," "schedule_risk_probability," "trade_active," "latitude," "longitude," "horizontal_accuracy," "vertical_accuracy," "altitude" and "workflow_status."
	Punch Items	N/A	Bug fix	Fixed the visual "Projects by Stage" to correctly display the number of projects by stage for punch items.
	Log Compliance	N/A	Enhancement	Added a "Current Configuration" box to display the filtered underlying data going into the percentage calculation.
	Manpower Compliance	N/A	Feature	New report which calculates compliance percentages for vendors completing manpower daily.
	DL Manpower	N/A	Bug fix	Fixed the color saturation for the visual "Hours by Contractor".
